APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of livestock served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0019 cubic feet per second, or sufficient water to water 60 head of cattle.

Actual construction work shall begin on or before June 27, 1980

Proof of commencement of work shall be filed before July 27, 1980

Work must be prosecuted with reasonable diligence and be completed on or before June 27, 1981

Proof of completion of work shall be filed before July 27, 1981

Application of water to beneficial use shall be made on or before June 27, 1982

Proof of the application of water to beneficial use shall be filed on or before July 27, 1982

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed AUG 5 1980

Completion of work filed AUG 28 1980

Proof of beneficial use filed SEP 17 1980

Cultural map filed

Certificate No. 10295 Issued SEP 23 1982
